

My Dad makes me feel good about myself by saying It's okay just try and try again and maybe you'll succeed. It encourages me to go on and try again and not stop in till I succeed at what I'm doing. Another thing my Dad does that makes me feel good about myself is by saying It's okay to fail or lose you're always my winner! Also another thing my Dad said that made me feel good about myself is keep your chin up and don't let anyone push it down. I think my Dad always makes me feel good about myself. Tahlia 2 grade
